INSTALLATION

1. Connect the audio source (e.g. Bluray player) to 'Audio Input' port (Coax In or Optical In).
2. Connect the audio receiver (e.g. amplifier) to the audio output of the 'Audio Out' ports (Red & White).
3. Connect the supplied power supply to the DC 5V port on both the transmitter and receiver.

SAFETY PRECAUTION

Please read the full manual instructions before attempting to install or operate this equipment.

Please keep the following in mind as you unpack and install this equipment:

- Always follow basic safety precautions to reduce the risk of fire, electrical shock, and injury.
- To prevent fire or shock hazards, do not expose the unit to rain, or moisture or install this product near water.
- Never spill liquid of any kind on or into this product.
- Only use the provided power supply cable.
- Never push any objects into this product through any openings or empty slots in the unit as you may damage parts inside and/or cause an electrical shock.
- Do not allow anything to rest on the power cabling and avoid putting the weight of any kind on it.
- To protect the unit from overheating do not block any vents or openings in the unit housing that provides ventilation. Allow sufficient space for air to circulate around the unit.
- This product is intended for use in a clean (dust-free) residential environment.
